ABSTRACT

INTRODUCTION

CHAPTER ONE

CRIME AND ENVIRONMENT : A THEORITICAL EXAMINATION

1.1 DEFINITION OF KEY TERMS	06
1.1.1 'Security'	06
1.1.2 'Crime'	08
1.1.3 'Urban Space'	09
1.1.4 'Urban Neighborhood'	
1.1.4.1. 'Immediate Neighborhood'	11
1.2 CRIME	12
1.2.1 The Global Trend	12
1.2.2 Classification	14
1.3 CRIME AND BUILT ENVIRONMENT	17
1.3.1 Different Ideologies on Their Relationship	17
1.3.1.1 Environmental Determinism	17
1.3.1.2 Possibilism	18
1.3.1.3 Probabilism	19
1.3.1.4 Social Approach	19
1.3.1.5 Cultural Approach	20
1.3.1.6 Geographical approach	21
1.3.1.7 Holistic Approach	21

2.3. OTHER FACTORS AFFECTING SECURITY IN URBAN SPACE

2.3.1	Economic Disparities and the Geographic aspect of crime	56
2.3.2	Juxtaposition of activities, Zones and Land Uses	59
2.3.3	Behavioural pattern detrimental to security	62
2.3.4	Problem of vehicular Traffic and the Automobile	64
2.3.5	High density living	65
2.3.6	Counter productivity of security measures	68

CHAPTER THREE

CASE STUDIES	72	
3.1	SELECTION OF AREAS FOR STUDY	72
3.2	DETAILED STUDY OF CRIME IN SELECTED AREAS	76
3.3	MORPHOLOGICAL ANALYSIS	80
3.4	RELATIONSHIP OF MORPHOLOGY WITH CRIME	83
3.4.1	Road Pattern	83
3.4.2	Relationship to Road width : height ratio (degree of enclosure)	87
3.4.3	Water Bodies	92
3.4.4	Plot Boundary type	96
3.4.5	Façade Quality	98
3.4.6	Vegetation	103
3.4.7	Building Density	106
CONCLUSION AND RECOMMENDATIONS	107	
BIBLIOGRAPHY		

ACKNOWLEDGMENT

In the revelation of this study I am extremely grateful to each and every person who contribute in various ways.

I extend my gratitude to Prof. Lal Balasuriya the dean of the architecture Faculty and to Prof. Nimal De Silva the head of the Department. To the Year master Archt.S Manawadu I sincerely best owe my appreciation.

My extreme Gratitude to Dr L.S.R.Perera Whose continuous guidance and incisive comments guided me through this tiresome venture. I sincerely acknowledge all his help and the time and effort devoted on my behalf.

To Bodhi Liyanage –Inspector General of Police and OIC of Narahenpita, Kirulapona, Wellawatta, and Bambalpitiya Police station for there in valuable help in providing me the needed research material, I extended my deeper appreciation.

To Kamini akka I confer my extream gratefulness for helping me all through the venture extend my thanks to my colleagues Nishantha, Nandana, Lasith, Sudarshana, Bimba, Kaushalya and Semini for the support. Also I extend my sincere appreciation to Prasanna for being with me in glory and gloom, encouraging and helping to the utmost.

Last but not least to my Mother, Father and family for all the help and support and especially my eldest sister Chamila who gave me encouragement and heartiest support.

LIST OF ILLUSTRATION

Figure	Description	Page
Fig. 01	Classification of crime	15
Fig. 02	Detailed classification of crime	16
Fig. 03	Human enclosure in street	27
Fig. 04	Narrow streets create frightening experience	28
Fig. 05	Using jut-out Balconies and Grilles-feels the sense Of enclosure	31
Fig. 06	Over Head Bridges - brings sense of shelter	32
Fig. 07	Natural way of shelter	32
Fig. 08	Change of enclosure - by plan configuration	35
Fig. 09	Height of the Terminating building effect	36
Fig. 10	Different degree of enclosure with Different building sections	37
