## ACKNOWLEDGEMENT

Many people were instrumental in producing this dissertation.

I'm especially grateful to:

First and foremost, my heartiest gratitude is to Archt. Channa Daswatta, Department of Architecture, University of Moratuwa, my supervisor for his untiring obligatory effort and pain taken to enlighten me on this subject and his guidance, motivation, valuable thoughts and tolerance with my shortcomings.

Senior lecturer Archt. Madhura Premathilake, and Archt. Varuna De Silva and Archt. Neluka De Silva, Department of Architecture, University of Moratuwa, for devoting their most precious time and valuable thoughts. It was a great source of inspiration.

I am extremely grateful to Dr. Samitha Manawadu (Head, Department of Architecture and Year Master), Archt. Gamini Weerasinghe, Archt. Damith Fernando and all other members of the Department of Architecture, Faculty of Architecture, University Moratuwa, for their guidance and encouragement.

I am very much thankful to Harsha and Mangala for type setting and preparation of the document, Nuwan for helping me with photographs.

Nirmala, Bimsara and Chamara for helping me with sketches, all the members of "Bawana" who have extended their fullest support in enormous ways to make this dissertation a success and All my friends who wish to remain anonymous, but without whose cooperation I would not have felt enough confidence to do this fort of work.

Last but not least my tender feeling to amma and thaththa were great strength to me helping in various ways in making this essay a success.
