

# Transport Research Forum 2017

## Abstracts

22<sup>nd</sup> July 2017  
Negombo, Sri Lanka

Transportation Engineering Group  
Department of Civil Engineering  
University of Moratuwa

## Table of Contents

Keynote Speakers' Profiles i-iv

### Session 1: Traffic Engineering

1.1	Guideline to Select Appropriate Locations for Centre Median Openings H. N. Prasanga and H. R. Pasindu	1
1.2	Effects of Road Rehabilitation on Road Safety; Analysis of Accident Trends M. S. K. T. D. R. Piyasena and J. M. S. J. Bandara	3
1.3	Assessment of Operating Speeds of Rehabilitated Rural Roads with Asphalt Surfacing D. D. S. Wijeratne and W. K. Mampearachchi	5
1.4	Motorcycle Accident Analysis in Sri Lanka: A Case Study S. L. A. Shajith and H. R. Pasindu	7
1.5	Evaluation of PCU Factors for Two Lane Sub-urban Roads P. C. I. Kumaratunga and H. R. Pasindu	9
1.6	Effect of Traffic Composition on Capacity of Two Lane Roads Under Mix Traffic Condition K. D. Y. Kaushalya and J. M. S. J. Bandara	11
1.7	Level of Service for Low Volume Roads D. P. Lalith Sirisumana and H. R. Pasindu	13
1.8	Use of Travel Time Data in Transport Planning S. P. Kumarage, G. L. D. I. De Silva and J. M. S. J. Bandara	15

## **Session 2: Highway Engineering**

- |     |  |    |
|-----|--|----|
| 2.1 | Impact of Bitumen Content Tolerance Limit on Performance of Asphalt Concrete Pavements<br>V. Satheeban and W. K. Mampearachchi                   | 17 |
| 2.2 | Volumetric Design and Performance Evaluation of Superpave Mixtures for Sri Lankan Conditions<br>H. A. M. B. Kadurugamuwa and W. K. Mampearachchi | 19 |
| 2.3 | Design of Precast Concrete Cover Slab for Pedestrian Walkways<br>C.J. Atapattu and W.K. Mampearachchi  | 21 |
| 2.4 | Design of Semi-Rigid Pavement Based on Volumetric Properties of the Mixture<br>P. M. A. B. Dissanayake and W. K. Mampearachchi                   | 23 |
| 2.5 | Criteria to Identify Optimum Spacing for Service Areas on Southern Expressway Extension<br>K. W. Kandambi  | 25 |
| 2.6 | Identifying Effective Brightness Limits for Headlights of Operating Vehicles in Sri Lanka<br>R. M. S. K. Senarathna and G. L. D. I. De Silva     | 27 |
| 2.7 | Establishment of Cover Depth Requirement for Utility Pipes in Arterial Roads<br>O. S. Chaturangani and W. K. Mampearachchi                       | 29 |
| 2.8 | Time Available for Compaction of Asphalt Concrete (TAC) in Tropical Countries<br>M. K. Nishantha and W. K. Mampearachchi                         | 31 |

### **Session 3: Poster Session**

- |     |   |    |
|-----|---|----|
| 3.1 | Investigation of Distresses of Block Paved Roads and Condition Evaluation<br>T. M. A. D. Samaraweera and H. R. Pasindu  | 33 |
| 3.2 | The Study on Saturation Flow at Signalized Intersection<br>P. D. R. Perera and J. M. S. J. Bandara  | 35 |
| 3.3 | TRAZER Video Image Processing Software as a Tool for Heterogeneous Traffic Data Collection<br>D. N. D. Jayaratne and H. R. Pasindu                            | 37 |
| 3.4 | Development of a Methodology for Optimization and Prioritization of Pavement Maintenance for Provincial Road Networks<br>H. D. S. Gunasomma and H. R. Pasindu | 39 |
| 3.5 | Suggestions to Improve Solutions Discussed in Western Region Megapolis Planning Project for Traffic Congestion<br>S. A. I. A. Suraweera and Ishani Dias       | 41 |
